Dear Colleagues,

On behalf of The 19th Malaysian Ultrasound Conference Organising Committee, it is my great pleasure to extend a warm invitation to you to participate in the 19th MUC in Kuching, from 25th to 29th November 2010.

The Annual MUC is a unique platform for the ultrasonists, family physicians, surgeons, allied healthcare providers and health industry players from Malaysia as well as abroad to meet, share, exchange ideas, update on knowledge and skills. Ultrasoundists are well known for their surgical innovation and adaptation to technological advances. Hence before the acronym NOTES was coined, ultrasoundists have been using it since 1960, not being called NOTES but without the computer matrices using various endoscopes. With the introduction of surgical robotic systems, ultrasonists has also begin the pioneering specialists incorporating this technological wonder into their daily practice. Nevertheless, new is not always better, we need to ensure that current innovations and technological advances can indeed improve functional and surgical outcomes of our patients.

Hence, the theme of the 19th MUC, "Quality Care Through Innovation", could not be more appropriate for the age of information and technology. The organizing committee has planned an outstanding panel of international and local experts in various fields of ultrasound to share their expertise and expertise during the three days conference. With their input on the various conference topics, the stage is set for a lively and interactive interface that will benefit all participants.

In Kuching, we are always intriguing with its unique landscape and people. Aside from the conference, you will also have the opportunity to experience a myriad of Sarawak coastal and cultural attractions that are exceptional and fascinating. An exciting social program has been drawn up. You will be spoilt for choice from visiting a classical Iban longhouse, award-winning Sarawak Cultural Village, Bako National Park to the Semenggoh Orang Utan sanctuary, just to name a few. You are strongly urged to spend a few more days to discover some other gems of Sarawak beyond Kuching. You can assure that you will be with with fond memories of the Land of the Hornbill and its lovely people.

Please join us in November 2010 and we assure you a fruitful meeting and a wonderful time in Kuching.

With best wishes,

Teoh Guan Choy
Chairman
19th Malaysian Ultrasound Conference

Clarence Lee Cheong Moh
Co-Chairman
19th Malaysian Ultrasound Conference

---
