MALAYSIAN OBSTETRIC MEDICINE
SCIENTIFIC CONFERENCE

Welcome Message

Dear Friends & Colleagues,

This is the 4th chapter of the highly anticipated biennial conference which is exclusively dedicated to maternal medicine and managing high-risk pregnancies. Following an overwhelming physical colloquium in 2018, a virtual interaction in 2020, and a state-of-the-art hybrid conference in 2022, we strive to deliver yet another a world class onsite experience; equipped with the MOMS DNA with emphasis on academic purity.

The width and depth of medical disorders in pregnancy will be dissected while the evidence and controversies will be presented in a systematic manner by clinicians who are masters of the art. We remain passionate to bridge the gap between Obstetrics and Medicine while delivering an enriching academic experience of the highest standards.

With a world-renowned faculty diversified by expert clinicians, internationally and in Malaysia, with a state-of-the-art scientific programme incorporating the common and the challenging conditions, an evidence-based scientific symphony of medical disorders in pregnancy, themed ***"Semper Ad Meliora"*** awaits you. Scientific quizzes, masterly grand-rounds, enriching lectures, an immersive interactive platform to stump the experts awaits you in March 2024 at the World Trade Centre, Kuala Lumpur.

I warmly welcome and look forward to meeting you in person at the MOM4 Scientific Conference as I promise yet another world class conference.

Dr Muniswaran Ganeshan
